

Importance of Languages

Al Ameen Private School celebrated language week with great fervor and zeal. Learning a new language improves your analytic and interpretive capacities. It is also an expansion of knowledge. The event was keenly-participated by all the students and school staff. The idea behind holding this event was to apprise the students of the importance of learning different languages with special focus on Arabic, keeping in mind the celebration of the 40th National Day of the U.A.E. Hindi and French languages were also an important part of the week.

Assembly Presentations were made by students of Key Stages 1 to 4. Students also read poems and used Arabic and Hindi language words apprising the audience of their meanings stressing upon the significance of knowing languages. A documentary video for the whole school on UAE history was also aired, encompassing the humble beginning of the Federation to the modern day country which it has now become. Along the same theme, light was also shed on the advent of Arabic language. Al-Ameen Pvt. School had ordered over 200 Arabic books for the library during the week. To add color to the week-long events, students had prepared badges, posters and booklets which made it a successful event.
